Association football, more commonly known as football or soccer, is a team sport played between two teams of eleven players with a spherical ball. It is played by 250 million players in over 200 countries and dependencies, making it the world's most popular sport.

Association football - Wikipedia

The Metodo was devised by Vittorio Pozzo, coach of the Italy national team in the 1930s. It was a derivation of the Danubian School. The system was based on the 2-3-5 formation; Pozzo realised that his half-backs would need some more support in order to be superior to the opponents' midfield, so he pulled two of the forwards to just in ...
