Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...

This study reviewed 53 empirical articles on green purchase behavior from 2000 to 2014. This is one of the first study that reviewed articles related to attitude - behaviour inconsistencies in the context of green purchasing.

Factors Affecting Green Purchase Behaviour and Future

The theory of consumer and choice is the branch of microeconomics that relates preferences to consumption expenditures and to consumer demand curves. It analyzes how consumers maximize the desirability of their consumption as measured by their preferences subject to limitations on their expenditures, by maximizing utility subject to a consumer budget constraint.
